Helping Tucson One Jewel at a Time!

Did You Know?.....

Laurie Wetterschneider, a leader in our community and a supporter of GTL, gives 100% of proceeds from her jewelry sales to non-profit organizations.

In 1999, as chairman of the Angel Charity for Children, Inc., she helped raise one million dollars. This year, she is thrilled that L & L Designs has been able to donate pieces to over 100 charities in New York, Tucson, and the Pebble Beach/Monterey/ Carmel, CA areas where she also lives. "I've met great people," she says about such beloved charities as the Tucson Museum of Art, the Humane Society of Southern Arizona, and the SPCA in Monterey, CA. "It's made my life very special."

Here are a few of the many charities she has donated to:
Greater Tucson Leadership
Angel Charity for Children
Boys and Girls Club
Steele Children's Research Center
El Rio Health Center

"One of the most rewarding experiences we have is designing special pieces for women who are being honored by organizations such as the Women's Foundation of Southern Arizona, Tu Nidito, and many breast cancer organizations. These women have helped grow leadership in Tucson and have enhanced the lives of other girls and women in our community."
